

Smart Sat Connect

Tiviar Alpha+ Plus triple tuner combo receiver features:

Watch HD Channels such as BBC1 HD, BBC 2 HD, ITV HD & CH4 HD & many more as well as over 300 standard digital TV & UK Radio channels from Freesat

Watch RTE's Saorview service, RTE One HD, RTE 2 HD, Virgin Media One, Virgin Media Two, Virgin Media Three, TG4, RTE Junior, RTE One +1, RTE 2+1, RTE News Now, and Oireachtas TV. You'll also receive nine radio stations.

<p>What TV services and channels will I be able to watch?</p>	<p>You will be able to watch a broad range of the most popular free channels from the UK via Freesat, and from Ireland via Saorview. The package includes RTE HD, BBC HD, ITV HD, Channel 4 HD etc..</p>
<p>Are there any monthly or yearly charges ?</p>	<p>There are no recurring monthly or yearly charges as Saorview and Freesat channels are broadcast free to air . You simply pay a one off fee for the equipment and installation.</p>
<p>Can I record and pause live TV using this receiver?</p>	<p>Yes, this receiver will allow you to pause and also do timed recordings of programs. It doesn't contain its own hard drive though, so you'll need to save the programs on either a USB stick or USB hard drive and we can also supply a hard drive as an option above. While you are recording a Saorview programme, you'll be able to watch a satellite channel, and the other way round.</p>
<p>Why people buy this item?</p>	<p>Record Satellite , watch Terrestrial Record Terrestrial, watch Satellite Record Terrestrial, watch another Terrestrial Record Satellite, record Satellite, watch Terrestrial Pause & rewind Live TV Pause & rewind Live TV Record 3 Satellite channels while watching Another on the internet</p>
